

- 1. User download's the app from  
the playstore**
- 2. Adds the widget to the home  
screen**

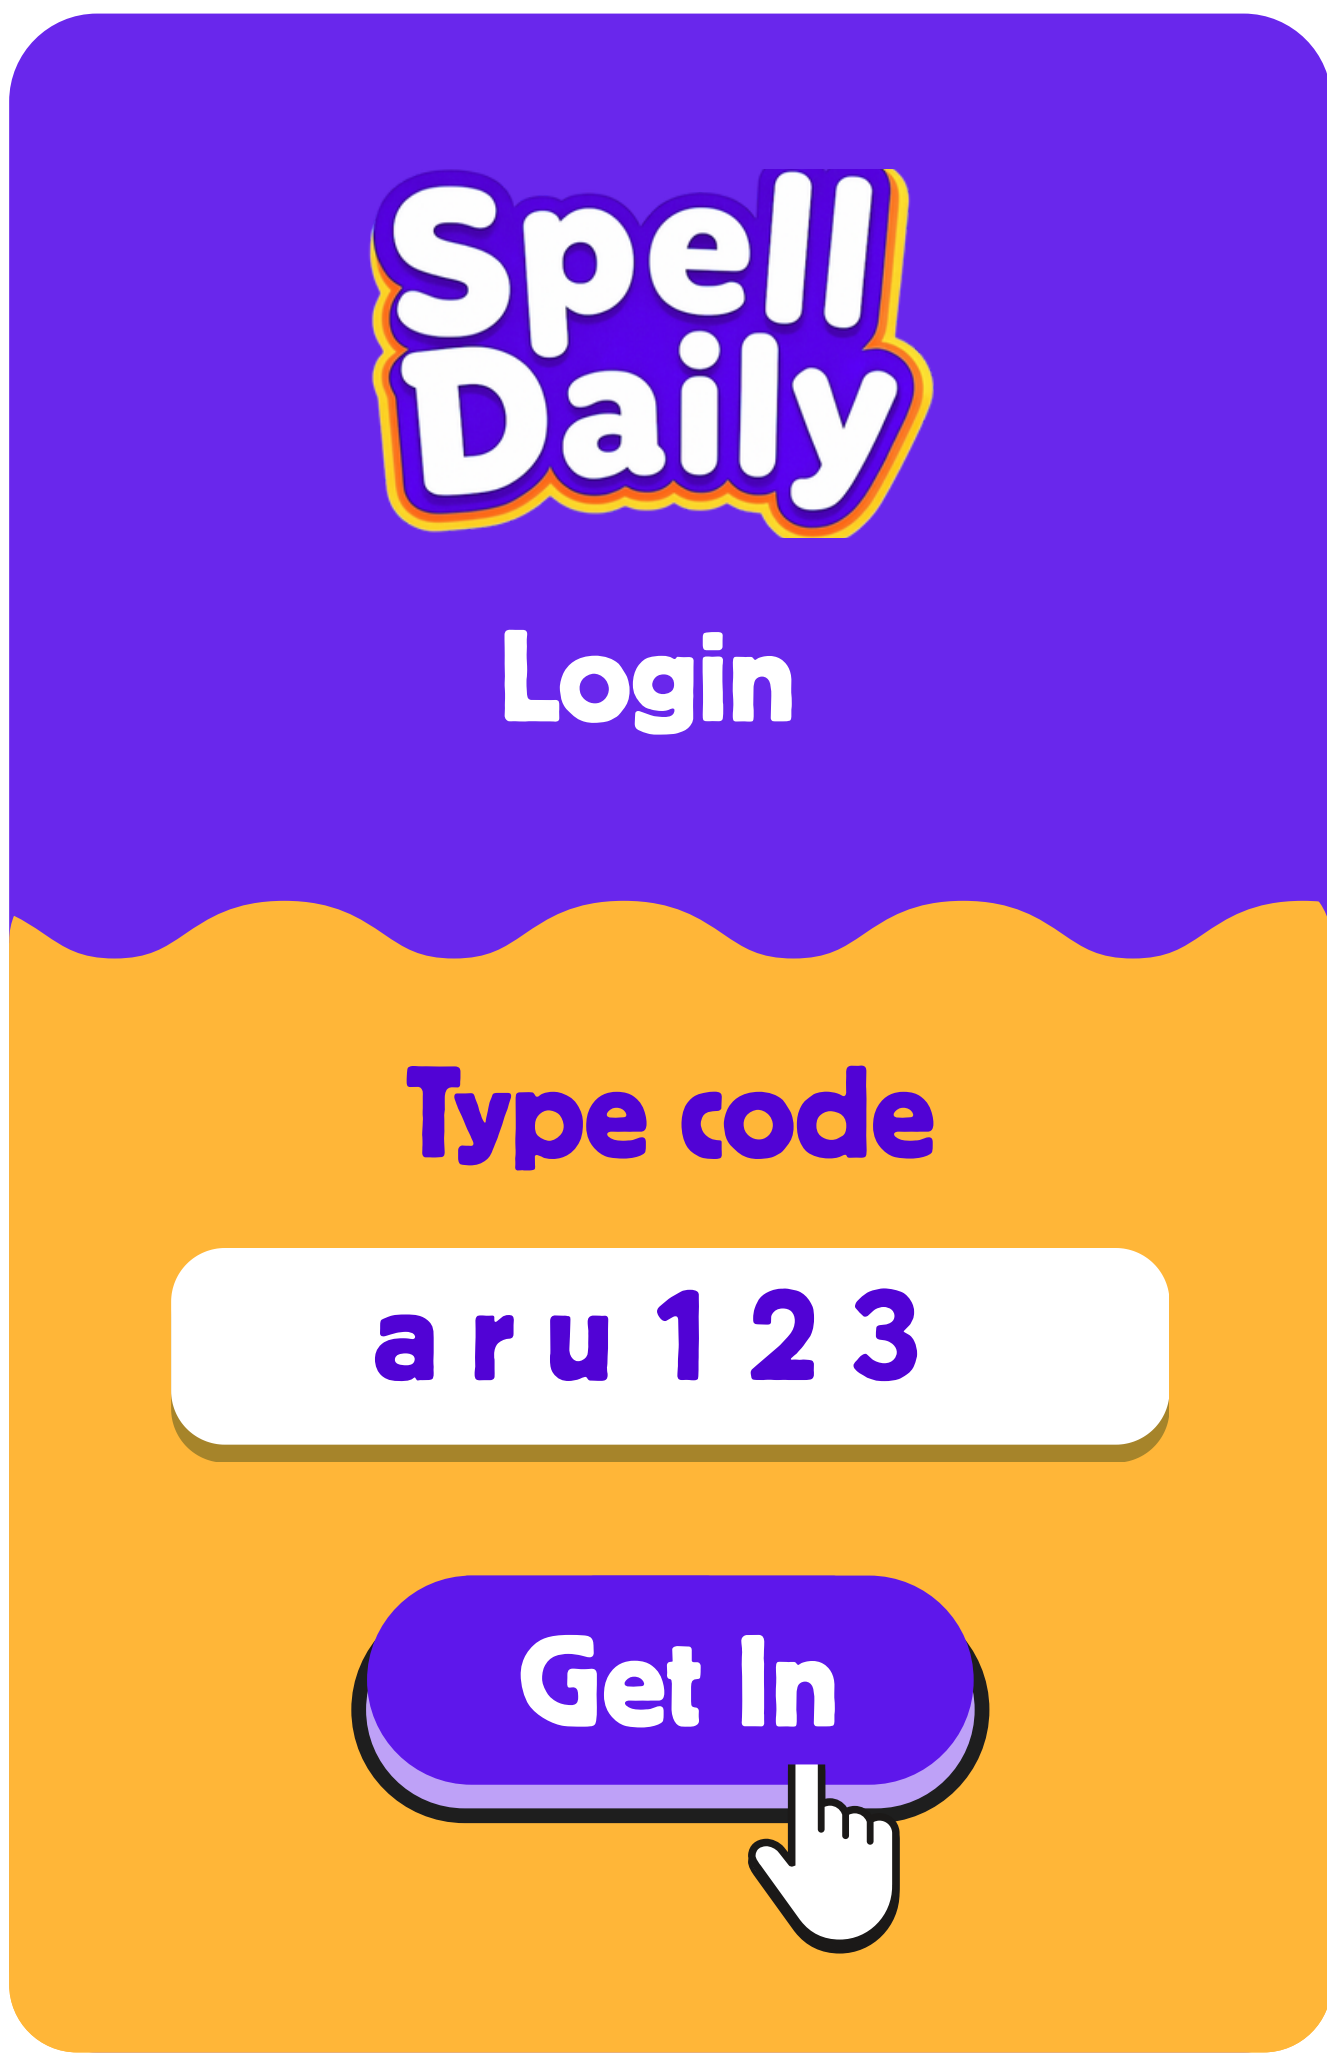

**This is how the first time widget will be  
there**

**Spell  
Daily**

**START  
CHALLENGE**

**BEGIN**

**When i click begin in the widget, it  
should lauch app and show this screen  
for the first time user**

**When i click Get In the, it should show  
screen for the fisrt time user**

**Spell  
Daily**

**Ready?**

**START GAME**

**Game Screen.... (which is not your concern)**

# Widget Screen : Right After completion of game

**After Few Hours of completion of game**

**Spell  
Daily**

**1 Day**

**Did you  
just  
do that?!  
Unbelievable  
work!**

# Next Day after completion of Game

1 DAY

**Spell  
Daily**

**MON**

**TUE**

**WED**

**THU**

**FRI**

**SA**

**START GAME**

**End of New User Flow**
